The Health Research Institute Hospital La Fe promotes and develops quality translational research and health innovation, aimed at solving health challenges, increasing scientific and economic knowledge, and improving quality of life of society.

IIS La Fe is accredited by the Spanish Ministry of Science and Innovation as a **“Health Research Institute”**, in recognition of the quality of its R&D and Innovation since 2009.

1. HEALTH RESEARCH INSTITUTE LA FE

2. ABOUT US

The **Fundación para la investigación del Hospital Universitario la Fe** de la Comunidad Valenciana (**HULAFE**) is a non-profit organisation that carries out the scientific research policy of "La Fe" Health Department in Valencia, Spain.

La Fe Hospital is the center of the **Valencia Health Department** and it is one of the largest and best qualified hospitals in Europe with cutting-edge clinical technologies and more than 1.000 beds, 900 physicians and 3,000 nurses assisting a large population of more than 300,000 habitants in the Valencia region, acting as a reference hospital for over 40 different pathologies.

2. ABOUT US

The research of excellence carried out at **IIS La Fe** is patient-oriented.

IIS La Fe offers scientific and technological services and has more than 10,000m² of clinical and research laboratories to undertake research programmes based on state-of-the-art biomedical science, which aims at promoting our eight priority research areas.
